Membership continues to drop for the District. The Lions Clubs International, Club Membership Register Summary for the Month of August shows that we gained Twenty-Five Members, however we loss Fifty-Three Members for a net loss of Twenty-Eight.

I will be putting together a report as to the reasons why we are dropping Members from the Membership Reports I have received and from calls I am making to the Presidents of the Clubs that are dropping Members. From this information, I will be meeting with the MERLOW Team to see if we can help increase Membership.

I have checked the PU101 Forms to get the names of the Club Membership Chairpersons. I have found that Thirty-Five of the Seventy-Three Lions Clubs do not have Membership Chairpersons, and of the Thirty-Five, Eleven Clubs have Membership of less than Twenty Members. The lack of Membership Chairpersons may be one reason why we are losing Members. These Clubs may not have a Membership Program. Cabinet Members who are members of a Club that does not have a Membership Chairperson should work with their Club President to get a Membership Program going.

Membership is the life blood of Lionism. We need to constantly work to increase Membership to help and serve those in need.
