Cabinet Members

Well the first half of our Lions Year has come to a close. I hope that all had a great Christmas season and you all got what you wanted. The first half went very well with the Fox River Region Zone One except for a few reports not received by any of us. Lion Darlene had a stroke and is doing very very well for she has returned back to work with very little side affects. How great is that. I missed two of my club meetings for taking care of her and getting her well and will visit them all in the second half.

I am getting myself prepared for campaigning for the office of 1st Vice District Governor. All is going well with getting the committee chairpersons involved with my club and should be in place by our cabinet meeting. They are looking forward to the District Bowling and the Convention. Looks like we will have a great show at both events.

Membership is up at this time and I hope the trend keeps up. We all know that membership is the key for strong clubs to aide their communities and the other areas in the world that calls for our help. I also believe that clubs could help each other to become stronger clubs for that's why the clubs in the fox are doing so well.

The club that I am very interested in getting started in St Charles is still an interest to me. I have been trying to get others involved with little results. This is a community that needs a Lions Club and if I get no response for help I will not let this club slip away from our grasp. If needed I will make a visit to St Charles businesses to see if the interest is still there and do the foot work threw the area. I am not trying to get anyone upset but we have been close in getting this club started and we should not loose it.

Senior Zone Chairperson
