As stated in my August 24, 2008, report our committee had to change the goals because of the changes to the International Constitutions & By-Laws concerning the new position of second Vice District Governor. After the US - CANADA FORUM it became clear that we had to comply with the INTERNATIONAL C&BL and create the new position in our district.

Our district committee exchanged information regarding the new position by way of the internet and decided to hold a face to face meeting to discuss the duties of the new position. The meeting was held in November to discuss the new position which will begin in the lions' year 2009 - 2010. The committee members were this year's zone chairpersons one from each region also present was the current Vice District Governor and the Cabinet Secretary/Treasurer who has placed the changes on our website. A lot of time and discussion has gone into making this new position workable in our district and keeping the seniority intact for those becoming governor. The committee thought that making the changes to our Procedures and Guidelines was the correct way to comply with International's C&BL's.
